

Install Simms WebBrowser Program

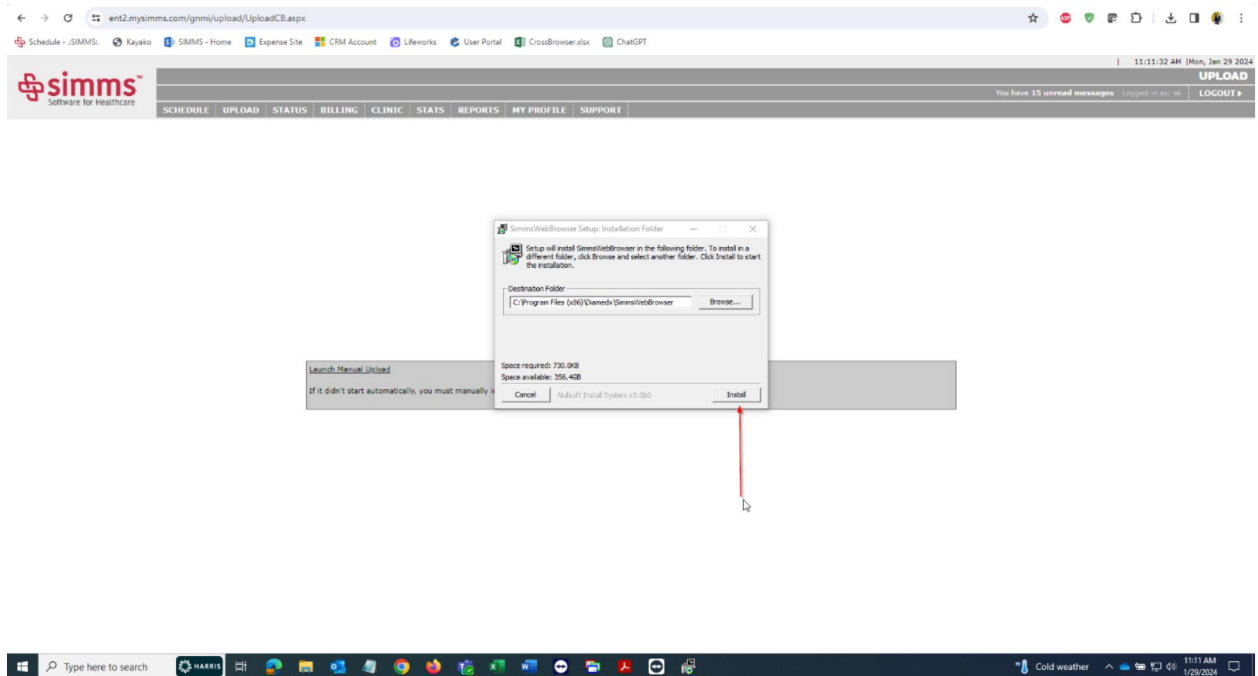

1. Login to SIMMS and go to “Upload Files” under “UPLOAD”. Click on the link where the arrow is pointed in below screenshot (hyperlink displayed with the text “here”).

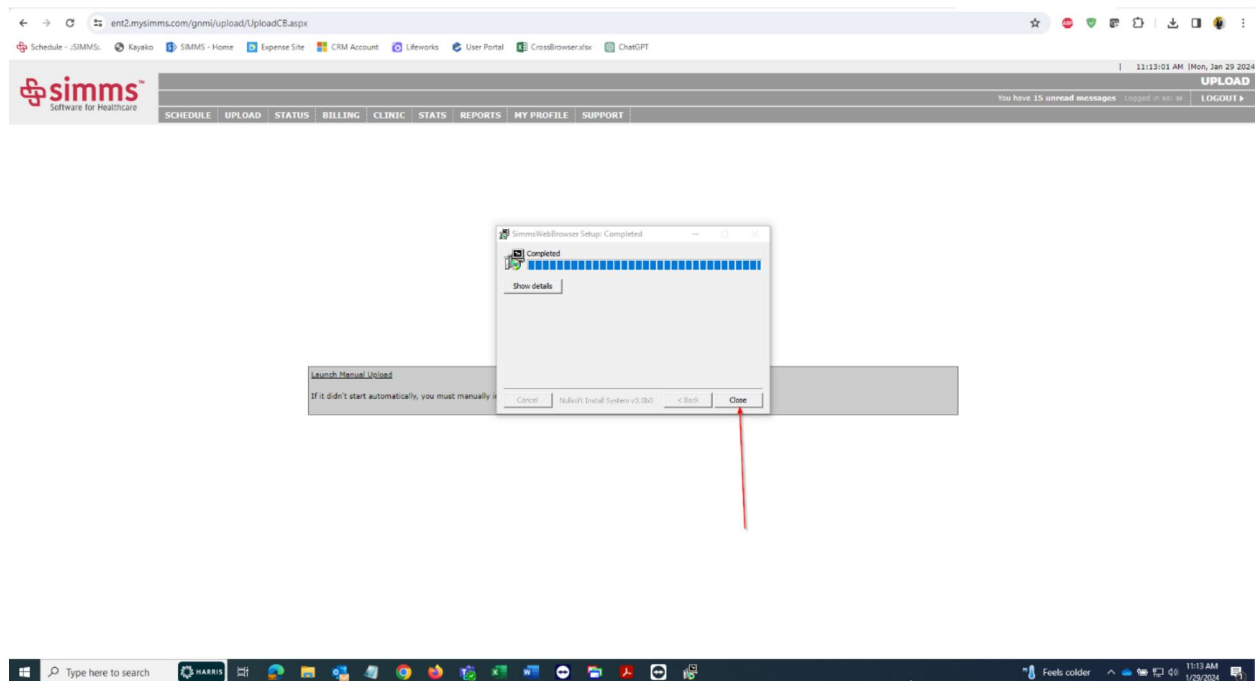

2. A file will be downloaded. Click on the downloaded file.

3. Click Install.

4. Once the installation is completed click Close.

5. Refresh the page and first tick the checkbox (Always allow) and then click Open SimmsWebBrowser.
